Raising the Bar
For Retail ATMs

The new Tranax 1700w Retail ATM, represents best in class performance, uncompromising value, in a confidence inspiring design. The 1700w integrates a host of high-end features including a 7” High Resolution Color LCD supporting custom screen advertisements and communicates via 56K Modem or integrated Ethernet (SSL).

Built and engineered from the experience of over 80,000 existing Tranax ATMs, the 1700w is built on a platform that is flexible, modular, and robust.

The Tranax 1700w is TDES and ADA compliant out of the box, including a PCI/VISA/Interac certified encrypting PIN pad (EPP), a voice guidance system, and lighted action indicators.

**Advanced Services**

The Tranax 1700w can display 8 custom graphic screens. These can be loaded directly at the ATM using a SD memory card, or uploaded remotely using the TranRMS monitoring software.

TranRMS is a monitoring application which runs on your desktop PC and allows you to monitor your network of ATMs. Download electronic journals, update software and custom graphics as well as cash management and statistics. TranRMS can also send you alerts via cell phone and email in the event the machine goes out of service. TranRMS helps increase your ATMs uptime and lowers your operational costs.
